“BAŞARIYA GİDEN YOLDA YARIM ASIRLIK TECRÜBE”

1964 yılından bu yana, yenilikçi mühendislik
çözümlerimiz, deneyimli personel kadromuz ve
tecrübemiz ile geleceğin alt yapısını inşa ediyoruz.

“YENİ NESİL, GÜÇLÜ ÇÖZÜMLER”

Hizmet verdiğimiz her sektörde, ihtiyaca yönelik
inovatif ve akılcı çözümler sunarak sorumluluk
bilincimize yakışan işlere imza atıyoruz.

OUR VISION

Our company act with its vision of “Services at Worldwide Quality” for years, giving the utmost importance to quality on services given, with the power taken from traditions, experiences and values. Our main principle that leads us in this path is to be a reliable brand for our customers. We have showed activity for quarter of a century and been customer oriented to understand proactively their needs to service them. Our aim is to be a “Business Solution Partner” to our customers in our areas of expertise.

OUR MISSION

Being customer oriented, we aim to service our business partners proactively with our educated and experienced crew, providing services at worldwide quality, achieving our goals with a continuing education and self-enhancement on our services.

COMPANY PROFILE

APA MAKİNA SAN. VE TİC. A.Ş. was founded in 1982. Focusing on construction projects, sales, lease, and service operations of construction and industrial machines, throughout the years APA took the dealership rights of the leader brands of the sector. Committed on giving high quality services to its customers, APA took its place among the leading corporations of the market.

With 40 years expertise, APA has completed various of construction projects nationwide and abroad. From earth moving, to road building and paving, from water and sewerage works to fencing, from contained living units to concrete works APA has proven records of complete customer satisfaction.

In 2003 with the formation of the sister company Libra Makina in Mersin Free Zone, APA started import and export operations on construction machinery and related attachments. Mainly aiming the export operations to Iraq and Middle East, APA serviced variety of goods to the US Army and to its sub-contractors. With the flexibility and dynamism re-export operations are done through its Free Zone branch. With its experienced procurement personnel, from 2003 and on APA has been a subcontractor to the US Army, KBR, and TWI. With various projects completed successfully, APA has also serviced local contractors and subcontractors.

With operational machine leasing projects, APA actively executes and subcontracts projects on earth moving, demolition, excavating, road, canal, waterway, fence construction and other construction machine works. With the wide range stock of machine park, APA is able to lease construction machines, project based long-term or short term nationally and internationally.

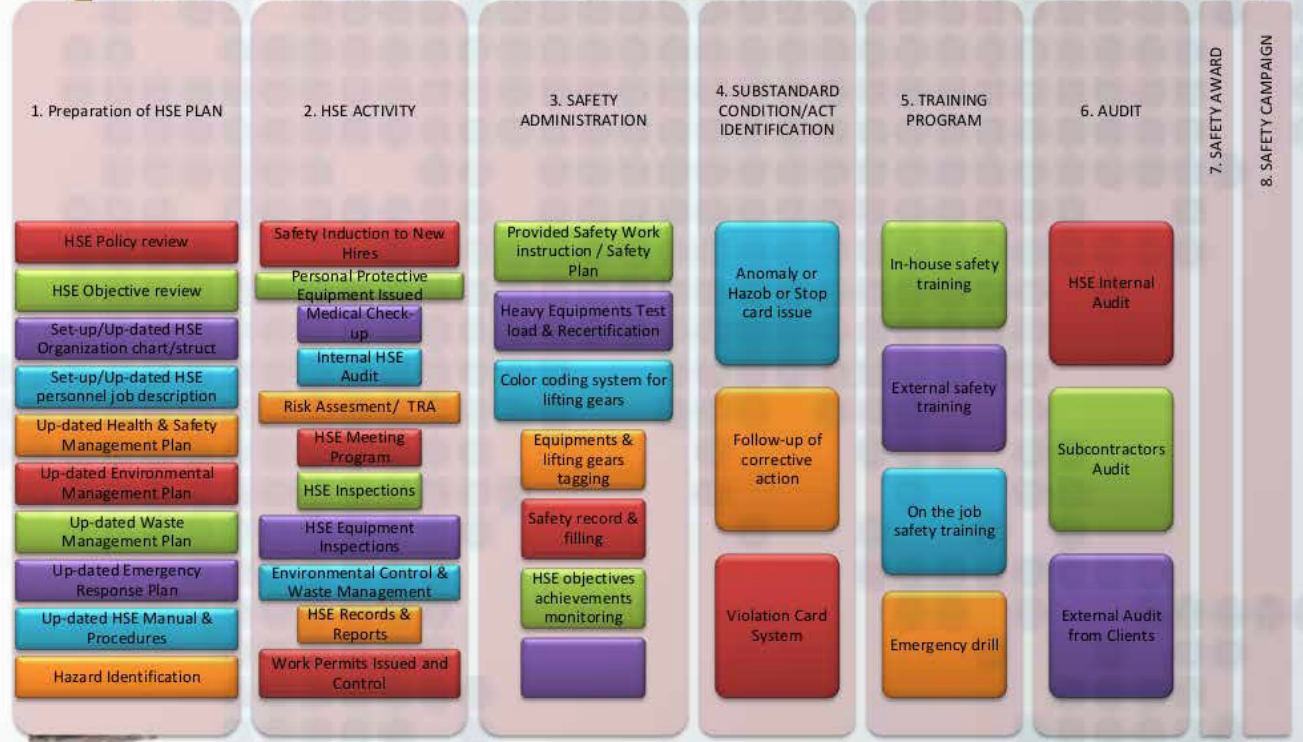

In year 2004 by getting the ISO 9001:2000 Certificate, APA has proven its quality control and quality assurance policies on its areas of operations

QUALITY CONTROL AND ASSURANCE

Reaching the outmost quality on our services, producing economical solutions at first time and on time for our customers for our areas of expertise, improving effectiveness continuously and providing unconditional satisfaction to our customers, suppliers and employees are fundamentals of our quality policy.
